Re: Actions Day Program-Revised Closure Dates

We hope this letter finds you well.

After having in-depth discussions with participants and the staff team, Actions Day Program has decided to change the length of our summer activity session to coordinate with community events/activities. We have noticed that during the summer months (July & August) community activities are temporarily on hold but then resume in September. As we strive to include everyone's preferences and choices when creating activity sessions, we will be adjusting the summer session length. Summer sessions will now run July-August, and Fall sessions will run September to December.

We have revised our closure dates and will be extending our summer closure from August 3, 2026-August 10, 2026. Staff program planning day will take place on August 10, 2026 instead of September 11, 2026.

For those of you that utilize Handy-Dart transportation, please be advised that the Actions team will contact and notify them of the closure changes.

We apologize for any inconvenience this may cause you, please reach out to us if there are any further questions or concerns.

Thank you,

Shelby Jabs
Integrated Services Manager
Actions Day Program
