Re: **SUPPORT OF NACL'S COVID-19 RESPONSE**

As the Board of Directors for NACL, it is our ultimate responsibility to ensure the safety and well-being of the people we serve as well as our employees.

Given that foundational principle, we are in full support of the actions and statements of our Administrative Team regarding its steps to mitigate the impacts of the COVID-19 pandemic. This includes support for any further recommendations of the Provincial Health Office (PHO), up to and including a vaccine mandate for all employees.

We would also like to take this opportunity to thank you for your tireless efforts to maintain an excellent standard of care through these trying times.
