

# memo

**To:** Agency-Wide/NACL Board of Directors  
**From:** Graham Morry, NACL Executive Director  
**Date:** September 29, 2021  
**Re:** CORONAVIRUS (COVID-19) UPDATE

## Current Situation

As of yesterday (September 28, 2021), 652 cases of COVID-19 were reported in BC – 82 of which were on Vancouver Island. Island Health’s website indicates there are 577 active cases – with 299 of those being in the South Island region, 235 in the Central Island region (a considerable increase from last week), and 43 in the North Island region.

## Employee Vaccination Rates

There has been some improvement in the reported COVID-19 vaccination rates among active employees over the past week. As of yesterday, those stats are:

Category	Percentage
Provided proof of Dose 1	83%
Provided proof of Dose 2	72%
No proof submitted/no response	17%

We will continue to monitor vaccination rates over the next week to determine what impacts they may have on service delivery.

## Providing Proof of Vaccination

Thanks for continuing to submit proof of vaccination to our HR Department c/o Michelle Gan (via [michelle.gan@nanaimoacl.com](mailto:michelle.gan@nanaimoacl.com) or in person at Head Office) or through your Program Supervisor. As noted last week, QR codes are welcomed along with hard copies or screenshots of vaccination cards.

## In Conclusion...

I will continue to send memos either as significant developments occur, or as regularly as deemed necessary. Please don’t hesitate to contact me anytime with any question or concerns. In the meantime, take care and stay safe.
