Personal Information

When you're referred and accepted to a NACL service, we ask for basic information. However, when we begin the process of Person Centered Planning with you, we ask for more detailed information to understand your strengths and needs, so we can provide the best possible services.

Person Centered Planning

At NACL, we work with you on what is called a Person Centered Plan (PCP for short). This is a comprehensive, individualized document that ensures services and supports reflect your needs, preferences, and dreams. You will be able to fully participate in the planning process. NACL also encourages your family members and support network to participate.

The plan covers many different areas of one's life. It is important the information you provide is accurate and up to date, so we can adjust our services to meet changing needs.

We keep a copy of your plan on file and will provide plan copies to you and others involved in developing it, with your consent. Once you leave the program, we archive your file – but it is still available any time you want to look at it. Our commitment is to always keep the information secure and confidential, even after you leave the program.

Confidentiality

NACL upholds the rights of all people we support and their families to privacy and confidentiality. To ensure you have the right to have information about you treated in confidence:

- *You, your family members, guardians, committees, or representatives will participate in intake meetings and be fully informed of your privacy rights and access to personal records, including:*
 - ✓ The use of **Form SD003-P (Consents and Waiver of Confidentiality)**;

- ✓ The use of release forms for obtaining third party information;
 - ✓ The process for accessing their personal records; and
 - ✓ Complaint procedures regarding privacy concerns.
- *Whenever possible, you must provide the information about yourself.*
 - *When shared by employees/Home Share Providers, only information that is deemed essential is to be given.*
 - *Where employees, Home Share Providers, or volunteers provide the information, it is to be done with your consent, utilizing **Form SD003-P (Consents and Waiver of Confidentiality)** unless due to health or impairment, you are unable to do so.*
 - *All records, files, and notes pertaining to the people we support are the property of NACL and are subject to its control. Furthermore, all records (electronic and paper) are securely stored and retained and/or disposed of in accordance with applicable laws.*

If you have any concerns, speak to any NACL staff or the Program Supervisor.

Problem Solving

Person Centered Planning at NACL ensures a proactive approach in preventing and dealing with concerns or problems. Throughout the planning process we communicate directly with the people we support, their families/caregivers, staff, and home share providers. Any concerns are resolved with everyone involved.

Complaint Procedure

People NACL supports or their family members have the right to be heard. You should not wait to tell us if you are having a problem or have a complaint. It's every person's responsibility to tell us about an issue as soon as possible, and we will help in any way we can to solve the problem.

NOTE: There will be no retaliation or barrier to service if a person NACL supports has a complaint.

NACL encourages everyone to try to resolve a conflict in the following ways:

- *First, you or your family members/caregivers should try to talk to the Program Supervisor, contractor (if applicable), or a staff member you trust.*
- *If possible, use our special form (**SD015-P – Complaint Resolution Form**) to write out the complaint. If you can't write it, you can come to the front desk at NACL's Administration Office, and we'll make sure to find someone who can help.*
- *NACL will discuss the complaint with everyone involved within three (3) days (72 hours).*
- *Within 14 days of the complaint being filed, the staff heading the investigation will prepare a report about the incident, including the actions taken to resolve the complaint, and we'll book a meeting with the person submitting the complaint to talk about it.*

- *If you don't like the results, you can tell us why, we'll look at it again, and we'll meet with you to discuss any possible changes to the decision about the complaint.*
- *If you still aren't happy with the results, the Chief Executive Officer (CEO) and/or the Board of Directors will give a decision in writing and meet with you within 14 days to discuss that decision.*
- *The Board of Directors is the highest level for complaint resolution at NACL.*
- *If you are still not satisfied with the Board of Directors' decision (if it goes to them), you or your family member/caregiver can contact Community Living BC (CLBC) or the Ministry of Children and Family Development (MCFD) – whichever one applies to you. We will give the contact information needed.*
- *If you are not satisfied with CLBC's decision, you or your family member/caregiver can contact the BC Government's Advocate for Service Quality. We will give the contact information needed.*

Who Abuses People with Developmental Disabilities?

Abuse can happen to anyone – however, people with developmental disabilities may be more at risk of being abused than others. People with developmental disabilities are most often abused by people they know. This can be anyone with whom they have some contact, as a patient or client. People with developmental disabilities can also be harassed by another person NACL supports, or anywhere outside in the community such as restaurants, markets, hospitals, sports facilities, etc.

Identifying Abuse/Harassment

The following chart will help you determine whether you are being abused or not.

RELATIONSHIP FACTORS	HEALTHY RELATIONSHIP	UNHEALTHY RELATIONSHIP	ABUSIVE RELATIONSHIP
Sharing feelings	You feel safe and strong enough to tell the caregiver how you really feel.	You feel awkward telling the caregiver how you really feel.	You are afraid to tell the caregiver how you really feel because you fear being put down or threatened.
Disagreements	You can have disagreements and still talk respectfully to each other. You resolve your disagreements.	Your disagreements often turn into fights.	You are afraid to disagree because you do not want the caregiver to get angry and violent. The disagreement is an excuse for abuse.

RELATIONSHIP FACTORS	HEALTHY RELATIONSHIP	UNHEALTHY RELATIONSHIP	ABUSIVE RELATIONSHIP
Dealing with changes in circumstances (for example, if your condition changes or if there is something new in your life)	As circumstances change, you and the caregiver talk about the changes and agree on any changes that may be needed with your care.	The caregiver does not want to talk about how things are changing or is slow to change when your circumstances change.	The caregiver refuses to adapt to changes, even if the care is no longer appropriate. Or, the caregiver makes changes without consulting or telling you in advance.
Medication and adaptive devices (for example, canes, hearing aids, or other equipment to help with a disability)	You and the caregiver understand and follow your medication requirements. Your assistive aids are in good repair, and available to you when you need them.	Sometimes medications are missed or late. Sometimes adaptive devices are not kept in good condition or are not available to you when needed.	The caregiver uses medication to try to control you, or the caregiver steals your medication. The caregiver threatens to deprive you of your medication or assistive aids.
Verbal abuse and violence	You and your caregiver do not say mean things to each other. There is no physical violence.	There have been a few incidents of putdowns and mean or controlling behavior in your relationship. There is no pattern of violence.	The caregiver hurts you and does not stop even if you say it is hurting. The caregiver has injured you. The physical or sexual abuse and/or intimidation are increasing.

If you suspect that someone (including you) may have been abused or neglected, you must follow these steps:

- *Watch for the signs of abuse listed above.*
- *Tell someone about what is happening.*
 - ✓ If the person you tell does not seem to take you seriously, tell someone else, and keep telling people until you find a person who is helpful. The more people that know about the abuse, the more likely it is that someone will be able to help stop it.
- *Protect yourself from:*
 - ✓ **MEDICATION ABUSE:** In this case, notify the Program Supervisor, and get medical attention if needed.
 - ✓ **SOMEONE HURTING OR SCARING YOU:** If you are in immediate danger, phone 911.

If a Person NACL Supports Has Been Abused...

...in our Child and Youth service, NACL will:

- *Ensure the person's immediate safety and well-being;*
- *Call the police if the person's safety is at immediate risk;*
- *Complete a Critical Incident Report and contact MCFD within 24 hours;*
- *Explain the options available to the person; and*
- *Cooperate fully with any investigation by the police and/or MCFD, the Office of the Public Trustee, or the Regional Health Authority.*

Advocacy

NACL supports the rights of people with developmental disabilities and their families through three kinds of advocacy:

1. Personal Advocacy

We advocate on behalf of people with developmental disabilities and their families/caregivers to ensure they receive support.

2. Self-Advocacy

We support people with developmental disabilities and their families to enhance their own advocacy skills.

3. Systems Advocacy

We advocate for support and change within the systems that affect people with developmental disabilities.

Quality Assurance

We at NACL ensure quality services by maintaining conformance to the following standards:

- *CARF's Aspire to Excellence, Quality Individualized Services and Supports, and Employment and Community Services standards;*
- *CLBC's and MCFD's standards of care; and*
- *Licensed group homes meet the standards of the Community Care Facilities Licensing.*

This includes a commitment to continuous quality improvement, which is reported annually in our Performance Review on NACL's website. This report outlines the achievements of the year and the plans for improvement in the coming year.

Suggestions and Feedback

We welcome your suggestions and feedback about the services we provide. You can give this in many ways:

- *Tell staff about it.*
- *Contact the Program Supervisor.*
- *As part of our overall commitment to improving our services, we ask you to complete a survey once a year about how satisfied you are with the services you or your family member are accessing. There is a different survey for each program, so you may receive more than one.*

Accessibility

NACL promotes accessibility and works to remove barriers. If you face a barrier to accessing our services or the community, talk to a NACL staff member.

PART 3: Child and Youth Staffed Homes

Nanaimo Association for Community Living (NACL) currently has several staffed homes for youth and adults. Our staff work with you to determine which home is best based on one's needs, likes, and personality – as well as the needs, likes, and personalities of your soon-to-be roommates.

Most of the staffed homes are licensed through Community Care Licensing.

How do I access NACL's Child and Youth Homes?

Upon receipt of a referral from the Ministry of Children and Family Development (MCFD), the following process will be followed by the appropriate/designated NACL management staff:

- *Your referral form will be reviewed, and management staff will determine NACL's ability to meet your needs.*
- *We are committed to supporting all eligible individuals; and work hard to ensure our staffed homes are the best option for you.*
- *If NACL is unable to assist you, a written confirmation will be forwarded to the referring body, outlining the rationale for the decision.*
- *If you decide our services are not the right fit, we will provide information on alternate resources.*

Note: MCFD holds the waitlist for child and youth services – they determine who will be referred based on vacancy.

Once an eligible service is available, you will be informed. We advise that if you are interested in our staffed home to spend a night or join our staff for a meal before committing. This allows you to know the NACL staff better and for them to also spend time with you to support you according to your needs.

We will need you or your family/caregiver to complete our **Intake Forms**. This form has important information for our staff to ensure you are provided exceptional care.

What needs to be done before I move in?

Once you have been accepted to our Child and Youth homes, we will invite you to a planning meeting. Your family members/caregivers, MCFD Representative, and other health care professionals (as appropriate) are welcome to also attend. At this meeting, we'll discuss:

- *What your interests, skills, and goals are.*
 - ✓ Goals could be volunteering, joining a music program, exploring the community, managing conflict, etc.

- *Creating a Person Centered Plan (PCP) – this is a living document that will change over time.*
 - ✓ It will include who is in your support circle, potential barriers and what supports/services can help overcome these barriers.
 - ✓ The most important part of this process is that you will actively be making decisions on what your goals will be.
 - ✓ As part of the Person Centered Planning process, NACL uses Trust-Based Relational Intervention (TBRI) and Positive Behavioural Supports (PBS) as service modalities to support achieving program objectives.
 - TBRI is an attachment-based, trauma-informed intervention that is designed to meet the complex needs of vulnerable people. TBRI uses Empowering Principles to address physical needs, Connecting Principles for attachment needs, and Correcting Principles to disarm fear-based behaviours.
 - PBS provides a process to understand and resolve the problem behavior of individuals or children that is based on values and empirical research. It offers an approach to develop an understanding of why a person engages in challenging behaviour and strategies for prevention while teaching new skills. Positive Behaviour Support offers a holistic approach that considers all factors that have an impact on a person and their behaviour. It can be used to address problem behaviors that range from aggression and property destruction to social withdrawal.

We will also review this Handbook and discuss NACL's procedures regarding confidentiality, privacy, and access to personal records.

A portfolio will be provided to you which includes:

- ✓ *This program handbook;*
- ✓ *Intake forms;*
- ✓ *Consent forms;*
- ✓ *Agreement information; and*
- ✓ *Information describing the program.*

Note: Any necessary accommodation for alternative communication styles will be made.

You may receive a tour and/or an orientation before deciding to move in.

You will move into our home in a way that meets your needs (i.e. gradually or immediately).

The appropriate manager will process your information, including demographics, care and support needs, risk assessments, medication information, your goals, and other relevant information to ensure quality, safe care and support. This information will then be entered in your profile via ShareVision and we will assign your programs(s) under the Program/Residence History.

What to expect when living in a NACL home

- *A safe, secure, and healthy environment – people NACL supports receive an exceptional standard of care by trained staff;*
- *Your own private bedroom;*
- *Nutritious meals and snacks, according to the Menu Plan through Community Care Facilities Licensing;*
- *Regular medications and treatments as prescribed by your doctor; and*
- *Staff support to attend community activities and activities – depending on the appropriateness of the activity and staff availability.*

Remember – this is **your home**. To respect each other's right to privacy, other people who live in your home will not be allowed to go into your private bedroom, and you will be asked to respect their privacy as well.

Who pays for the services offered?

MCFD pays for the services you receive from NACL when you are referred to us.

What do I need while living in a staffed home?

- Any **adaptive equipment required for eating** – for example, a special scoop, plate, cup, or eating utensils. Please bring them with you.
- Any **adaptive equipment used daily** – if you use a wheelchair, walker, cane, braces, splints, transfer belts, or trays, please make sure they are in safe working order.

Who takes care of transportation?

At NACL, we support you in using public transportation, including HandyDart. Our staff are trained to transport you in our own vehicles, with due care and attention. NACL ensures all staff adheres to the requirements of the Motor Vehicle Act, including maintaining the vehicles and carrying adequate insurance.

What if I have any medical issues?

On admission, you or your caregiver are responsible for ensuring staff are informed of any medical issues/concerns you may have outlined in the **Intake Form**, such as:

- *Seizures, allergies, dysphagia, etc.;*
- *Communicable disease(s) such as HIV, Hepatitis B/C, Tuberculosis, etc.; and/or*
- *Safety concerns such as self-injury, injury to others, ingesting foreign objects, acting out physically.*

We will consult with your doctor, dentist, or other medical professionals as needed to help you stay healthy.

Medications

Staff cannot give medications that are not ordered by a doctor and labeled by a pharmacy. We will arrange with the pharmacist to have all medications prescribed to you by your doctor blister-packed with a label attached which includes your name, medication name, and times to be given.

The pharmacy NACL uses is:

Seizures

- If you have seizures, a protocol will need to be in place by your medical provider.
- If you take a PRN seizure medication, that medication, along with your protocol, will be taken with you on any excursion.
- For your safety, you may need to wear a lifejacket when swimming.

Wheelchairs/Walkers/Special Equipment

If you use a wheelchair, walker, cane, braces, splints, transfer belts, or trays, we will help ensure they are in safe working order.

Personal Care

Staff will assist you if you require personal care or assistance in the bathroom.

In the event of a serious injury, operation, or time away from the home...

Prior to returning, protocols may need to be in place regarding adaptive equipment, lifts, and transfers.

EXIT Leaving the Child and Youth Home

Sometimes you might want to change your staffed home arrangement if:

- *It hasn't worked out and you are looking for a different caregiver/staffed home;*
- *Your needs can be better met by another service or agency;*
- *You move out of our service area;*
- *Continuous unsuitable conduct is happening that can be harmful to you or others; and/or*
- *You need or want a different service.*

Whatever the reason, we are here to help support your transition to a new living arrangement. We prepare a detailed ***Exit Summary*** and document your experience. We will share this with the new service provider, and work with you, other agencies and programs to plan for the transition.
